1/4" sockets module - SLS

Description:
● Tool fitted with a FACOM SLS attachment solution, preventing any risk of accidental falls.
● The shackle solution was chosen by FACOM for particularly heavy and/or large tools.
● Only the ratchet is fitted with a shackle.
● The ratchet and locking extensions allow securing the sockets against falling during work in high places.
● Compatible with the FACOM modular storage system: - Adapted to CHRONO XL, CHRONO+, JET XL and JET+ roller cabinets.
