

## 86H.JESLS - Hexagon keys on sleeve - SLS

### Description:

- Tool fitted with a FACOM SLS attachment solution, preventing any risk of accidental falls.
- The "turning" crimped cable solution, chosen and tested by FACOM, preserves the ergonomics of use of the tool.
- Very compact sleeve.
- Positive grip.
- Keys on 90° end stop for tightening.
- Keys in silicon steel issued from series 82H.
- Phosphate finish.
